

YUKO CARBURETOR CLEANER

DESCRIPTION:

Effective carburetor cleaner without disassembly. Quickly dissolves contaminants and cleans, ensuring correct fuel system operation. Stabilizes engine idle speed and facilitates cold starting. Used for cleaning fuel systems of two- and four-stroke gasoline engines, drive chains, clutch components, pumps, and more.

Method of Application: Remove the air filter housing to access the carburetor. Shake the can and spray the product onto contaminated surfaces. Remove heavy contamination with a cloth. Allow to dry. If necessary, replace the air filter and let the engine run at idle for 30 seconds to burn off residual contaminants.

Storage Conditions: Keep away from direct sunlight and heating above 50 °C. Do not spray near open flames, hot surfaces, or other ignition sources. Do not inhale, disassemble, or deform. Dispose of the used can as household waste. Store at temperatures from -20 °C to +50 °C.

CAUTION: pressurized can! DO NOT PUNCTURE OR INCINERATE! FLAMMABLE! Guaranteed shelf life is 5 years from the date of manufacture, provided storage rules are observed and packaging remains intact.

BENEFITS:

- Effectively cleans the carburetor without disassembly.
- Quickly dissolves and removes contaminants.
- Stabilizes engine idle speed.
- Facilitates cold starting of the engine.
- Suitable for cleaning fuel systems of two- and four-stroke gasoline engines.
- Can be used for drive chains, clutch components, and pumps.

TYPICAL CHARACTERISTICS:

Excess pressure in aerosol can at 20 °C	MPa: 0.2-0.5, kgf/cm ³ : 2.0-5.0
Permissible volume fraction of fragrance in internal treatment products, %	not more than 0.9
Viscosity at 20 °C, cP	not more than 500
Relative density at 15 °C, g/cm ³	1.1
Vapor pressure at 20 °C, kPa	not more than 500
Degree of content evacuation from aerosol can, %	not less than 95
Solubility in water	Insoluble

Packing	Vendor code	Barcode
Balloon tin 0.4l	025960	

STORAGE CONDITIONS:

Do not mix with solvents, automotive fluids. Protect from direct sunlight and precipitation in a closed container at a temperature not exceeding +60°C. In case of contact with skin or mucous membranes, rinse with water. Keep out of reach of children. Flammable. Do not pour into drains, water bodies or onto the soil. Dispose of in specially designated areas.
